

PATENT APPLICATION

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of	Docket No: Q82011
Takashi MIYAZAKI, et al.	Group Art Unit: 2834
Appln. No.: 10/500,624	Examiner: Burton S MULLINS
Confirmation No.: 3009	Patent No.: 7,342,338
Filed: July 2, 2004	Issue Date: March 11, 2008
For: PERMANENT MAGNET ELECTRIC MOTOR WITH REDUCED COGGING TORQUE	

REQUEST FOR CERTIFICATE OF CORRECTION

ATTN: Certificate of Correction Branch

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to the provisions of 37 C.F.R. § 1.323, please enter the attached Certificate of Correction.

Since the errors noted are believed to be the Applicant's responsibility, the USPTO is directed and authorized to charge the statutory fee of \$100.00 and all required fees to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account. A duplicate copy of this sheet is enclosed.

As set forth in the August 15, 2007 Amendment, an expression in claim 1 was amended to recite, " $\theta t < \theta r < (700 \times 10^{-3} / Lc + \theta t)$ " where a minus sign was inserted before the number "3." The Remarks set forth in the Amendment discuss this change to claim 1. The subsequent

September 17, 2007 Amendment further argues where support for the amendment of claim 1 can be found. After review of the September 17, 2007 Amendment, the Examiner allowed the Application.

In addition to the amendment of claim 1, Applicant amended the specification in three places to insert the minus sign before the number “3.” Upon review of the issued patent, however, it has been determined that a lower case “r” was inserted, in addition to the minus sign, in two of the specification amendments. Upon reviewing the file history, it appears that the lower case “r” was inadvertently introduced in the August 15, 2007 Amendment. As evidenced by the comments set forth in both the August 15, 2007 and the September 17, 2008 Amendments, along with the specific amendment to claim 1, Applicant submits that the lower case “r” was not intended to be inserted in the specification. Accordingly, Applicant respectfully requests a Certificate of Correction to correct this error.

Additionally, Applicant respectfully requests correction of a few mistakes made by the USPTO in regard to the expression set forth above. The additional corrections are set forth in the attached Certification of Correction.

REQUEST FOR CERTIFICATE OF CORRECTION
U.S. Application No.: 10/500,624

Attorney Docket No.: Q82011

In view of the foregoing, issuance of the Certificate of Correction is respectfully
requested.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "A. M. Tulino", is written over a horizontal line.

**UNITED STATES PATENT AND TRADEMARK OFFICE
CERTIFICATE OF CORRECTION**

PATENT NO: 7,342,338
 DATED: March 11, 2008
 INVENTOR(S): Takashi MIYAZAKI
 Tomohiro KIKUCHI
 Haruyuki KOMETANI
 Shinichi YAMAGUCHI

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

In column 2, lines 18-19, please amend the expression to move the "3" up to the exponent position in line with the minus sign, as follows (deletion shown in double bracketing):

$$\theta t < \theta r < (700 \times 10 [r^3]^3 / Lc + \theta t)$$

In column 6, line 26, expression (4), please amend as follows (deletion shown in double bracketing):

$$\theta r_{\max} = ([70033 \times 10^{r-3}] \underline{700 \times 10^{-3}} / Lc + \theta t)$$

In column 6, lines 30-31, please amend the expression as follows (deletion shown in double bracketing):

$$\theta t < \theta r < (700 \times 10 [r^{-3}]^3 / Lc + \theta t)$$
